

Sprue Grippers Overview

EMI offers the world's largest 'in stock' selection of sprue grippers for end effectors and end-of-arm tooling with models from Senvex, >ASS<, Harmo, Gimatic and more.

We also offer a complete selection of mounting brackets, sensors, fingers, rebuild kits etc.

Not sure which is the best gripper for your application? Weight, durability, size, sensor capability and other features are all factors. To help you decide, we've prepared a summary of our most popular grippers online or contact our EOAT engineering department for assistance.
